ABOUT US

With more than 15 years experience **GAMMA FACTORY FOR METAL INDS.** is a major player in Saudi Arabia Market with more than 100,000 cabinets installed all over the kingdom. **GAMMA** specializes in Manufacturing of 19" Cabinets and IP rated enclosures for data communication equipment, utilizing 19" racks, cabinets and accessories, to provide solutions for networking, servers, data centers, outdoor applications, industrial usage and telecommunication.

In 2025, **GAMMA** opened its new Plant in Kharj Industrial Area – Modon – with 7000 sqm area having state-of-the art Robotic equipment and flexible Sheet Metal Machines.

Owns and operates state-of-the art computer-assisted Robotics machinery and equipment and flexible machinery to ensure a high manufacturing capacity and the highest standards of technology is incorporated at every stage of production from raw materials to assembly line and quality control to delivery.

Uses high technological CNC machines (laser cutting, Punching, laser welding, Robotics bending center, & bending etc.), automated robotics electrostatic powder coating line with surface treatment process technological.

To lead the market with high-performance, 19 " cabinets and Data Center solutions , customized cabinets that support the backbone of modern telecommunications and data storage systems."

Our mission is to design and manufacture cutting-edge telecom cabinets and data center solutions that ensure seamless connectivity and durability, meeting the highest industry standards.

تأكيد العضوية في برنامج صنع في السعودية

السادة شركاء مصنع جاما للصناعات المعدنية
السلام عليكم ورحمة الله وبركاته، وبعد،

نرحب بكم أعضاء في برنامج "صنع في السعودية" وسعدنا التماسكم للبرنامج وسماحتمكم في تحقيق أهدافه الرامية إلى تعزيز الثقة بالمنتج الوطني وتعميل دوره في تنمية الناتج المحلي السعودي غير النفطي، مما يساهم في جعل المملكة قوة صناعية رائدة ولذا لأهداف رؤية السعودية 2030.

بعد هذا الخطاب بمثابة تأكيد على أن شركتكم المؤلفة والمنتجات المسجلة والشواقي عليها تستوي المعايير المطلوبة للانضمام لبرنامج صنع في السعودية، على أن يمثل جميع الأعضاء امتثالاً كاملاً لقواعد البرنامج طوال فترة صلاحيته العضوية. واعتدراً من تاريخ هذا الخطاب، يحق لشركتكم استخدام علامة "صناعة سعودية" على المنتجات المسجلة والمعتمدة والاستفادة من مزايا العضوية.

وبناء عليه، نأمل منكم تعريف جميع الموظفين المعيّنين بتطبيق العلامة الصناعية بلقواعد البرنامج وإرشادات استخدامها على المنتجات والخدمات الترويجية الخاصة بالشركة.

تائب فقطاع صنع في السعودية والترويج

أ. فيصل بن أحمد المغلول

Data/Telephone System Equipment Rack (Technical Data) - Gamma - Saudi Media System

TEH-00-000-AA-MA-MP-0316 Rev.01

With reference to the Data/Telephone System Equipment Rack (Technical Data) - (Gamma) - Saudi Media System, material submittal number TEH-00-000-AA-MA-MP-0316 Rev.01 received on May 04, 2017. Please be advised that the submittal has been reviewed and given Status "R" - **Approved** as noted. With the following comments below:

Prior to material delivery, the following comments shall be finalized:

- Project Specs. Section 18720 Para 1.3 Items (B&C) & Section 18740 Para 1.3 Items (B&C) shall be submitted.
- Run calculation details shall be submitted as per attached compliance sheet.
- Material list stamped by the contractor including all items that shall be used with the product model numbers must be submitted.
- All submitted logs/governmental certificates to be renewed, where applicable and to remain valid during the project life cycle.

Note:
As per MOI Letter Ref. 8637 dated 14/07/2017, Contractors have to adhere to the following:

- Contractors should submit these (3) Suppliers and Manufacturers for each material or equipment, as per Contract Particular Conditions Clause (27) and Clause (30.2) Item (30.2).
- Local Manufacturers have the priority and shall prevail, as per Contract General Conditions Clause (12) Item (12.2.1) and Ministerial Decree no. 42539 dated 6/4/1435 H.
- Each Material should be supplied to each site by One Manufacturer/Supplier Only.

Disclaimer: This conditional approval will be subjected to verification for compliance with the applicable comments and all relevant terms and conditions of the contract. This code "R" approval does not relieve the contractor of ANY obligation under the contract and is independent of any future review and submitted approval design.

This is for your information and relevant action.

Data/Telephone System Equipment Rack (Technical Data) – Germany - Saudi Media System

EH-00-000-AA-MA-MP-0316 Rev.01

With reference to the Data/Telephone System Equipment Rack (technical data) – (Germany) - Saudi Media System, material identification number EH-00-000-AA-MA-MP-0316 Rev.01 received on May 04, 2017. Please be advised that the submittal has been reviewed and given **Kilob "B" approval as noted**. With the following comments below:

Prior to submittal delivery, the following comments shall be resolved:

- 1- Project Specs. Section 16720 Para 1.3 Revet (B&C) & Section 16740 Para 1.3 Items (B&A) shall be submitted.
- 2- Fan calculation details shall be submitted as per attached compliance sheet.
- 3- Material list stamped by the contractor including all items that shall be used with the product model numbers must be submitted.
- 4- All submitted (suppl./governmental) test/ codes to be reviewed, where applicable and to remain valid during the project life cycle.

Note:

As per MOI Letter Ref. 6627 dated 14/07/2437 H, Contractors have to adhere to the following:

- A. Contractors should submit three (3) Supplier and Manufacturers for each material or equipment, as per Contract Particular Conditions Clause (21) and Clause (40.2) Item (30.2).
- B. Local Manufacturers have the priority and shall prevail, as per Contract General Conditions Clause (14.2) Item (12.2.1) and Ministerial Decree no. 42539 dated 6/4/1435 H.
- C. Each Material should be supplied to each site by One Manufacturer/Supplier only.

Disclaimer: This conditional approval will be subjected to verification for compliance with the applicable comments and all relevant terms and conditions of the contract. This note "B" approval does not relieve the contractor of **ANY** obligation under the contract and is independent of any future review and selected approval design.

This is for your information and relevant action.

LIST OF ITEMS

ITEMS TO BE CHECKED	CHK	NOTES
Certificates of compliance with local and international codes and standards	☐	Refer to remark #10
Indication of warranty period as per contract documents	☒	Refer to remark #11
Technical data sheets and catalogues (one original catalogue is mandatory)	☒	Copy
Operation and maintenance manuals as per contract documents	☒	
Approvals of local authorities having jurisdiction, if required	☐	
Manufacturer installation details recommendations and instructions	☐	
Factory routine test certificates and third party test certificates, if required	☐	
Time schedule for Materials submittal (approved by PROGER) showing all material and its planned submittal dates attached	☐	Not provided, contractor has also to indicate the date of submittal for each supplier/manufacturer if they (at least three) are not submitted together
Suitability of the operating temperature of the product in reference to environmental factors of the site, if required	☒	
SAMPLE CATEGORIES		
Submission of one samples board for each manufacturer/supplier, if possible	☐	Refer to remark #12
Indication of manufacturer name, contact details and country of origin for each sample	☐	
Indication of suppliers name, contact details and country of origin for each sample	☐	
Indication of sample name and model number below each sample on the board (they have to be securely fixed)	☐	
REMARKS		
1. Reference for the submitted material is RF1 # E0014 dated 2 nd August 2015 approved by Client on 8 th August 2015 without any V.O. or extra cost with all complementary components.
